

ForeScout Named One of the Fastest Growing Companies in North America on Deloitte's 2018 Technology Fast 500™

November 15, 2018

Growth propelled by the need for agentless device visibility and control across the extended enterprise

SAN JOSE, Calif., Nov. 15, 2018 (GLOBE NEWSWIRE) -- [ForeScout Technologies, Inc.](#) (NASDAQ:FSCT), a leading Internet of Things (IoT) security company, today announced it was named on [Deloitte's Technology Fast 500](#)™ for the third year in a row. This ranking recognizes the 500 fastest growing technology, media, telecommunications, life sciences and energy tech companies in North America.

"Organizations across all industries increasingly recognize that visibility into what is connecting to their network is foundational to a strong security strategy," said Michael DeCesare, CEO and president, ForeScout. "The massive explosion of devices coming online has created a visibility gap that extends from the campus to data center, cloud and OT networks. ForeScout is committed to helping enterprises close that gap through our agentless device visibility and control platform."

"Congratulations to the Deloitte 2018 Technology Fast 500 winners on this impressive achievement," said [Sandra Shirai](#), vice chairman, Deloitte LLP, and U.S. technology, media and telecommunications leader. "These companies are innovators who have converted their disruptive ideas into products, services and experiences that can captivate new customers and drive remarkable growth."

"Software, which accounts for nearly two of every three companies on the list, continues to produce some of the most exciting technologies of the 21st century, including innovations in artificial intelligence, predictive analytics and robotics," said [Mohana Dissanayake](#), partner, Deloitte & Touche LLP, and Industry Leader for technology, media and telecommunications, within Deloitte's audit and assurance practice. "This year's ranking demonstrates what is likely a national phenomenon, where many companies from all parts of America are transforming the way we do business by combining breakthrough research and development, entrepreneurship and rapid growth."

About Deloitte's 2018 Technology Fast 500™

Deloitte's Technology Fast 500 provides a ranking of the fastest growing technology, media, telecommunications, life sciences and energy tech companies — both public and private — in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2014 to 2017.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD, and current-year operating revenues of at least \$5 million USD. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

About ForeScout

ForeScout Technologies, Inc. helps make the invisible visible. Our company focuses on providing Global 2000 enterprises and government agencies with agentless visibility and control of traditional and IoT devices the instant they connect to the network. Our technology integrates with disparate security tools to help organizations accelerate incident response, break down silos, automate workflows and optimize existing investments.
